Welcome,

Everyone who decided to take the plunge into understanding who we are as spiritual beings and how we live out the mechanics of manifestation is called Keylonta. The primary resource used was the “**Elements of Discovery**” Manual by the Kathara Team, by Azurite Press. This is an excellent summary of the Freedom Teachings. I am in no way affiliated with Azurite Press or Arhayas Productions.

“The Elements of Discovery” is not for sale at this time, or I would have referred people to the website to purchase it. The link to download the PDF is on the HarmonizingJourney.com website, on the **HJR Seminars page**.

We will have a Q&A time after my Introductory talk. So please put your questions in the chat. You can ask any question, and if I can answer them, I will. We are on YouTube, so I can't go down too many Rabbit holes. My Private HJR GridKeepers Community Membership program is where we go down some deep rabbit holes.

The 15 Dimensional Time Matrix

We will discuss scalar mechanics, the Shields, Signets, Crystal Seals, and Ariea Hova Bodies within the 15-dimensional time matrix. Keep in mind this is introductory material. Each topic is a class in itself. As we define the terms, we can go deeper into the work. This is the actual Mechanics of manifestation.

Scalar-Wave Grids:

These Partiki (PKI) units (See Introduction to Keylonta Session 1) form an interwoven fabric called scalar grids through the in-breath and out-breath of flash line sequences. These flash line sequences follow a mathematical sequence, regulated by their particular Kathara grid design. These Scalar-waves embed the Spirit life force God Source 1st Eternal Ah-yah A'ya into

the 15-dimensional light body structures within time matrices. Through this design, we can experience the evolution of space, time, and matter. (Elements of Discovery, page 26)

Scalar is derived from the Latin word scalaris, an adjectival form of scala (Latin for “ladder”), from which the English word scale also comes. (Wikipedia)

Scalar is a physical quantity that is described by its direction and size in which it moves in the sense of motion. Examples are volume, density, speed, energy, mass, and time. (Britannica.com)

Volume – The space occupied within the boundaries of an object in three-dimensional space. (splashlearn.com)

Density – The degree of compactness of a substance

Speed – the rate of change of position of an object in any direction (byjud.com)

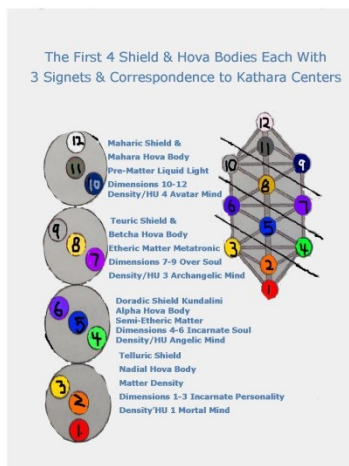

Energy – The force that causes things to move (ingeniumcanada.org)

Mass – a coherent, typically large body of matter with no definite shape. (Oxford Languages Dictionary)

Time – the dimension based on which the evolution of any system takes place. It can be measured in seconds, minutes, hours, days, weeks, months, and years. (byjus.com)

The Primal units of the PKI create Scalar Grid Waves. These Scalar grids, in turn, create holographic realities. They are a medium upon which Keylons can form coded life.

The Blueprint manifestation Shields-Level-1 Kathara Grid:

Shields are made up of 3 tri-tonal Kathara centers. Shields seen from the inner vision would appear as a 2-dimensional horizontal disk of energy within the spherical radial structure of the Kathara grid. Each shield comprises interlocking Kathara grid structures, the bones of Creation, or the Light Sound Un-One Keylon **Crystal Body**. (Elements of Discovery, page 14)

The Matter Properties of The 5 Density Domains of the Crystal Body Shields:

Mahoric Shield -Pre-matter liquid light Dimensions 10 – 12

Teuric Shield -Ethereic Matter Dimensions 7 – 9

Doradic Shield -Semi-etheric matter, Dimensions 4 – 6

Telluric Shield -Gross Matter Dimensions 1 – 3

Ariea Hova Bodies (Radial/ Auric Fields) Level 2-Kathara Grid:

The 5 Harmonic Universes or Density levels created within the 5 Ariea Hova bodies. These bodies are made up of Tri-tonal scalar grids from the Level-1 Kathara 12 Tree Grid that form spherical energy “Tissue capsules” around each 3-dimensional radial body of the multidimensional identity or **Form Constant**. Within each Hova body is a shield of 3-dimensional Scalar-wave grids that hold the blueprint circuit board structure for each Radial Hova Body matter density.

Ariea-a, a sweet and melodious song that came from the air (schoolmykids.com)

Arieas are sound tones corresponding to a symbol code (Kylontic Dictionary page 29)

Hova – God from Jehovah, and a female Armenian name for wind.
(babynames.com)

Hova-Morphogenetic Fields (MF), or Manifestation Templates (Keylontic Dictionary, page 70)

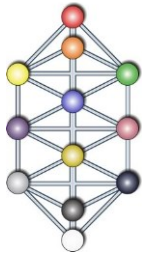

The tonal sound divine body would be another way of saying Ariea Hova Body. These density matter states are Worlds within Worlds.

Signet (Balls):

Within each **Kathara Center**, or energy center, lies a Signet. They are smaller, fixed, consolidated frequency points, out of which the Seed Star Crystal Seals form the Chakras manifest. These fixed points, with their Crystal seals, spin on a flat disk, creating the **Shield** disk they are associated with.

Seed Crystal Seal:

Each Seed seal corresponds to one dimensionalized flash-line program from one

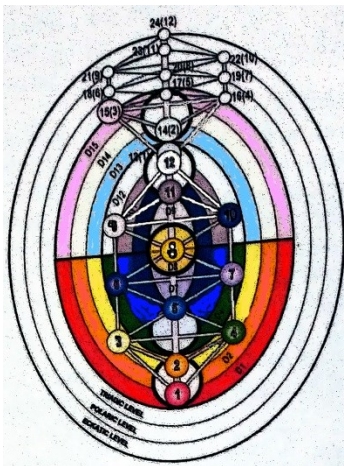

Level-1 Kathara Center. Each Seed Crystal seal of the **Crystal Body** holds intact the electro-tonal program for one-dimensionalized flash-line projection angle or a single-axis dimensional flash-line sequence, depending on its location within the Kathara Grid. The Pineal holds the seed Crystal seals for 6, 7, and 8. Also, think of a seed of a tree. It carries the whole evolution within itself until it can be activated or nourished to grow into the tree.

In Summary

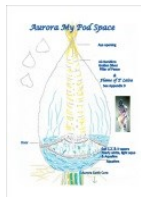

Life is not a random creation like scientists would like you to believe. It is made up of the All That Is God Source 1st Eternal Ah-yah A'ya. This creator source is based on Keylon Coded Scalar mechanics. In session 3, we will delve into Merkaba Mechanics, the Axiom Line (bones, Diodic Points, Level 3-Kathara Grid), and Chakras.

Harmonizing Journey to Re-Alignment Private Sessions

<https://harmonizingjourney.com/hjr-private-sessions/>

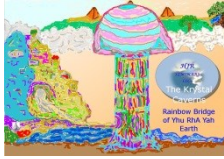

Harmonizing Journey to Re-Alignment utilizes Keylonta and Tan-Tri-Ahura mechanics. Both sciences are the original organic 1st Creation Mechanics. The mechanics work with the organic Light Body and Plasma Spirit Body Structure to bring you back to your organic 1st Creation Mechanics of the Eternal Domain of the All That Is. This technology realigns the Artificial Finite 2nd Creation Fibonacci Tube Torus Net Earth program with its natural, perpetually renewing, organic Ascension New Earth expression. You first do the HJR Introductory session, and then you are on your way to exploring who you are as the All That Is God Source 1st Eternal Ah-yah A'ya (You, Me, We, Us, They, IT) at your own pace.

The Pod Space

We start out working in the Yhu Rha Dha Krystal Caverns, clearing programs, keeping you stuck. Then, you can connect with the Rainbow Pillar Bridge to the Yhu Rha Dha Zone to perform soul retrieval work. Next, you make your way into Yhu RhA yah Earth to set up your Temple Pod Space. From there, you are connecting to even deeper aspects of your multidimensionality to explore. The Introductory session takes about 2 hours. HJR Sessions can range from an hour to two hours, depending on what needs to be done.

Harmonizing Journey To Re-Alignment Private Sessions:

HJR Gridkeepers Community Membership Program

<https://harmonizingjourney.com/hjr-gridkeepers-community/>

A Gridkeeper is one who mindfully develops a personal relationship with their clan Spirit Family, which is their authentic expression. The gridkeeper then consciously aligns their lone Harmonic Authentic Eternal Expression with the Core of the Earth plane for healing and mindful co-creating with all life everywhere as the Eternal God Source 1st Eternal Ah-yah A'ya embodying a New Earth Now.

For those who are either new to HJR or advanced HJR clients, this community offers a small, private, safe, and supportive environment where you can study and apply the Keylonta and Tan-Tri-Ahura mechanics of manifestation to create your own Personal Planetary Morphogenetic field template. This is a place where we can build Aurora New Earth Now together.

We meet twice a month for group Journeys and once a month for Group Discussions. This is a \$250.00 value for only \$10.00 a month or \$112.00 a year. Also included is a 30% discount on a two-hour Private HJR Session for members. Hope to see you soon.

Waking In Alania Book Series

<https://harmonizingjourney.com/waking-in-alania-series/>

While this story appears to be a typical science fiction tale, it is actually a piece of Earth's ancient, hidden history. Much of the past I had remembered through my affiliation with the Freedom Teachings of Keylontic Science. The rest was through the characters' lives in the story, shared through me. Kara, Eshwa, Genado, Prince Caldor, Queen Asana, and Even General Damien all have a place in my heart. I was glad I could get their story down on paper. These books were a long time in the making and still are.

I started them in 2006 while I was living in New Mexico. A friend, Black Unicorn, felt that I should be a storyteller of Keylontic Science. The study of light, sound, the base codes of matter, multidimensionality, and creation mechanics. Quite a mouthful, is it not? Well, needless to say, it has been challenging for most people to grasp the technical information involved. I hope this book gives one the heart and meaning of Keylontic Science. Which is how to live by the Law of One or the One-ness, that I refer to so intensely in these books. In fact, it is a prime example of how all species can live a whole and complete life.
